Amazing Book!

By johnC22

I just started the book so I'm only a couple chapters in, but I love it so far. Usually books don't help me a whole lot but this one has already helped me start living better by living simpler. It's a really great book. It explains simple points well, gives a quote from either the bible or from a famous person about that certain point, and then gives a little easy activity to help you really understand it. I love it. I think it'd be good to read and reflect on about one different way each day.
