Couldn't put the book down!

By Kindle Customer

I love all of Drew Lindsay's Ben Hood novels, but truth be known, I really think I fell in love the main character Ben Hood, geez what a guy!! The first of Drew Lindsay's books I read was "Black Mountain Affair" and after finishing it I wanted to read more by the author if I could. I did find more but discovered I had read the second book of the Ben Hood novels, so you might want to read them in order as written but not necessary as each has a definite beginning and ending so you are not hanging waiting for a sequel. The first if interested is "Coral Sea Affair".

Take an adventure in Australia!! It took me a bit to wrap my head around the dialect, and once I did it made the reading ever so much more exciting. In this one you'll find intrigue, mystery, fear, revenge, greed, compassion, courage and more that is will keep you on your toes until the end. You will love this title!!

**GREAT BOOK!**

By Ang

I was unsure if I would like this book but I figured hey, it's free I would give it a shot...and I am so glad I did! This was a for sure thriller. The characters were well developed and it was suspensful. It left me wanting more of this author and have to went to the beginning of the series. But even if you go out of sequence it still works! I highly recommend this book, this author, and this series!

Black Mountain Affair.

By Amazon Customer

This is a really great book full of suspense, humour, drama and above all trust and friendships forged through adversity. If there were more than this book and the Coral Sea Affair in the series I would be first to put my hand up to read the lot. I think Ben Hood and his entourage are great. He really gets into and out of some

tight spots in his quest for justice.
