Leverage your results - as a leader of your team

By Hans-Juergen Wilke

Truth is simple and we have heard it more than once, not what is counts, what it looks like counts. And culture is part of look and feel inside and out. Even more, it duplicates itself, it spreads and grows.

As any growing force, culture needs guidance. Change the culture, change the game gives valuable insights how to direct the culture in an organisation, how to mobilize your people for the good. It's a must hear (and read) when you lead a team or organisation and it challenges you to proceed.

Great work, highly recommended for leaders in any field. Give your team the force of a direction and they'll love it.

My personal score: 28 out of 28!
