From School Library Journal

Grade 2-3?Junie's kindergarten classmates convince her that an invisible monster lives under her bed. Her parents and grandmother are unable to convince her otherwise until Junie hits upon the idea of putting her unflattering school picture under the bed to frighten the monster. In *Junie B. Jones Is Not a Crook*, the little girl discovers that "finders keepers losers weepers" is not an appealing philosophy when she loses the special gloves her grandfather gave her and the child who finds them doesn't take them to the lost and found. Junie's first-person narration is sprinkled with deliberate grammatical errors and misunderstood word usage in an attempt to show a five-year-old's viewpoint ("I runned home," "They got stoled on purpose."). Precocious use of sophisticated language is also used to achieve an intended humorous effect. The black-and-white, full-and half-page illustrations reflect Junie's cockeyed view of the world and will help attract beginning chapter-book readers. The issues the child is dealing with are right on target for the intended age group, but Junie's personality is more annoying than endearing and the humor lacks freshness and spontaneity. Finished the set for my granddaughter for her birthday. She is 9 and looking at the older sets for Christmas. She is a reader and she will sneak away to read her books.

My son and I both loved it!

By Stormie (histormie@aol.com)

My son and I started this book with no expectation and finished it laughing. My son, who usually squirms and talks while I read to him, remembered this book in shocking detail. Anything that gets my five-year-old fireball to sit and listen is exceptional. I read to him every night and having a book that is entertaining for him, as well as myself, is certainly a welcome addition to the bedtime ritual.
