Way too much

By R gonzalez

It is overwhelming. Half the stuff in this book is not on the test. I can not believe no one has brought this up yet. If your preparing for a license exam. Spend the extra money and take a course. This is not appropriate for people preparing for their pnc exam. It is very knowledgable but again way too much

Great reference books for insurance agents

By R. J. Batterton

I wanted a P & C manual I could refer back to as an insurance agent. This book is exactly what I needed. It was a good price and delivery was speedy. Very pleased with this seller and this transaction - thank you!

Great Book for the Self-study

By Zac and Rachael Fross

I purchased this book for my staff member who is getting licensed. I have used this series over the years and have found that Kaplan's books prepare you well for the test. Keep in mind this does not include the state

specific law questions - have to get the supplement for that piece
