maybe not for the Kindle Fire.

By Jennifer Catherine Murphy

Not sure how to rate this. I loved the design of all of the pieces, & they seemed simple enough to put together. The problem I had was that I got this for my Kindle Fire, & all of the steps were out of order. Wha?! It jumped from step 1 to step 9, then back to 4, etc. The measurements were difficult to figure out as well. There was a type of chart that just looked like a mess of numbers. Maybe I'll get a hard copy one day, but for now I will just try my best to flip around with the Kindle version. Harumph.
