TALES FROM THE EAST: RETURN OF IVANHOE/TOILET JINNI UN-FLUSHED BY IVANHOE PDF

Return of Ivanhoe In "Return of Ivanhoe" a legendary figure returns from the Middle East to tell the world his experiences as a Christian living and working in the Islamic country of Saudi Arabia. He forewarns the West about the growing threat of Occultism and analyzes both the Bible and the Quran to show where this threat originates. Both holy books predict an all-out holy war whereby in the Book of Revelations the Christians will be called upon to defend Israel and the chosen people of God, the Jews. The Quran condemns the Jews as the enemy of God and that Israel will be destroyed as Christ returns to Damascus, Syria. Ivanhoe champions the cause to defend Israel and to be wary of Occultism as it is the ancient enemy of God and leads people astray from the true Judaic-Christian religion that the Bible presents. This tale is non-fiction and has strong religious messages and discusses spirituality. Toilet Jinn Un-Flushed In "Toilet Jinn Un-Flushed" a great evil has arisen as predicted from the central region of the Arabian Peninsula known as the Najd and this evil has been unleashed as a devil's horn in the form of a Toilet Jinn - the most feared and disgusting of all the jinn entities. Based on ancient Hebrew demonology and Arabic superstitions this story discusses current religious aspects of demons as well as the occult and the havoc that this new evil unleashes on small cities throughout the USA. This tale is a comical horror story and allegorical in nature. The author is a scientist/engineer who has worked on numerous diverse engineering projects both in the USA and in Europe as well as the Middle East. A graduate of the CUNY and Columbia University school systems in New York as well as postgraduate study at Purdue University and University of Maryland the author has published numerous technical journals and patents.

The knight Ivanhoe's crusade to expose the real truth about Islam's Toilet Bowl Genie

By Jack Corbett

The author pulls no punches in "Tales from the East, Return of Ivanhoe", and Ivanhoe's not his real name either being a pseudonym for sure. The real author is an engineer who actually worked and lived in Saudi Arabia for several years which has provided him with an opportunity few of us have of living, eating, sleeping the culture, the religion, and lifestyle of this region. He makes no bones about the fact that he does

not like what he found there, and he pulls no punches when it comes to his bottom dwelling opinion of the Moslem Religion. Although he has no problem with most Moslems, in "Tales of the East" he is constantly pointing out that it developed from much earlier Jewish and Christian sources, that it is nothing more than a plagiarism of the Bible, and that Christianity offers so much more than Islam. The author's choice of Ivanhoe for a pen name is no coincidence, because the author identifies strongly with Sir Walter Scott's 12th century character, a knight who's constantly entering jousting tournaments in his quest for good over evil. For this author, evil is personified in the very character and deeds of Mohammed himself who spawned a new religion, not to better the lot of mankind or to offer better things to come, but only for his personal glory and his own selfish pursuit of power. The author is relentless as he continues on to describe Middle Eastern countries such as Saudi Arabia as intolerant totalitarian regimes that suppress human liberty while reducing its subjects to automatons mindlessly executing the power hungry schemes of their rules all of which is devoted to the single end of exterminating all other religions and freedom of thought so that Islam can enjoy complete domination over its subjects.

The last section of the book is a hilarious description of the Toilet Jinni, unflushed--a Moslem conjured evil spirit which once lurked deep inside latrines and toilet bowls where it could torment all those who failed to obey the most minute customs prescribed by Islam such as having to enter a toilet with one's right foot first, then exit the toilet while leading with the left foot. All of which is excellent imagery starting with the necessity of an Ivanhoe in the first place on a crusade to vanquish evil which in the end is nothing more than a spiritual pestilence lurking in the commode where it can afflict the unwary.

Eye Opener

This book is written from an open minded perspective. The author thoroughly investigates who is God. Is it the god of Islam and the Koran or is it the Christian God of the Book? This is part two of an early work, King of Bat'ha. In King of Bat'ha, Hashim an American scientist reflects upon his faith while totally immersed in an Islamic culture and Sharia law. In King of Bat'ha, Hashim sought the truth. But through his experiences and respect for foreign culture it was not revealed where Hashim ultimately stood through his investigation. In Tales from the East, Ivanhoe leans upon his research analytical background to uncover the truth of these two contradictory faiths. Digging deep from the holy books of both the Koran and the Bible, Ivanhoe leaves no doubt where the evidence leads.

We live in an era of political correctness, where popular expression is to convey no absolute truth. However, Tales from the East is no politically correct game of chess, as Ivanhoe pulls no punches and tells us exactly where the evidence leads. Ivanhoe points out contradictions and other problems between the Koran and the bible. If you ever wondered what the difference between these two faiths is really all about then you should get this book. Ivanhoe has investigated these contradictions, opening our eyes to discover that which has not been highly exposed.

Ivanhoe hits with precision from proofs established by both Christian & Muslim sources. Revealing the underlying motives and why Christian and Islamic societies may live so differently including their contrasting tolerances of other faiths. This is a great resource for people to be informed on what Islam and Christianity is all about.

Toilet Jinni Unflushed is completely different from Return of Ivanhoe, a 180. Whereas, Return of Ivanhoe is a scholarly pursuit, Toilet Jinni Unflushed is a complete hoot. A humorous allegory pulling from Arabic superstitions set in modern day culture. I recommended this book for all people who want to know more about Christianity and Islam. FIVE BIG STARS.
