Great read. A little short

By Paul

Exactly like as the title says. It is a great read, but unfortunately the book will leave you wanting for more.

The Book of Nod presents the history of the vampires as thought for Vampire:The Masquerade. This novel can be enjoyed even by those that are not familiar with the Masquerade setting and other novels. It offers the big picture, explains how the vampires came to be, has great quotes and "commandments", if you will, that vampires are supposed to live by. You will understand the vampire clans and what their traits are and the reader is bound to have a favorite one out of the bunch.
