THE LOVING CUP: A NOVEL OF CORNWALL 1813–1815 (THE POLDARK SAGA) BY WINSTON GRAHAM PDF

A silver cup lies half-forgotten in a dank cave amongst a pile of stolen goods. Yet the tiny vessel and its inscription—*Amor gignit amorem*—haunts the lives of the feuding Poldark and Warleggan families, as Ross, Demelza, and the ambitious and powerful Sir George Warleggan watch their children make the decisions that will shape their destinies. For Jeremy and Clowance, and for arrogant, cynical Valentine Warleggan, these are troubled and momentous times.

1813-1815

By Dai-keag-ity

1984's *The Loving Cup*, a novel released almost exactly forty years after the Poldark saga began, marks the tenth occasion Winston Graham visits Cornwall with his cast of characters. In this novel we witness Britain's reaction as the seemingly eternal war with France grinds down to what appears to be victory, and as a consequence Geoffrey Charles comes home at last from the front with a Spanish bride in tow. He takes up living in the old house he remembers from his childhood, when his father and mother, Francis and Elizabeth Poldark, resided there together in the far happier times of the 1780's and 1790's. But while this one homecoming passes, another Poldark takes a commission and goes to the perilous front, as the lovelorn Jeremy, at last accepting that the woman he'd hoped to marry will never have him in the face of her family's opposition, leaves behind all he has ever known and seeks his fate elsewhere. *The Loving Cup* is a novel about war, the results of an act of crime, and about the power of the place one dubs one's home. It tells tales of love and heartbreak, of ambitions successfully attained, and plans dashed by the whim of fate. In this book

old friends from this long series are given exposure and updated, and many familiar men and women carry on with lives that seem very real beyond this literary context. As with all of Winston Graham's novels, this is historical fiction at its highest caliber.

10 of 11 people found the following review helpful.

Darn these books

By Billie from Mequon Wi

I started reading this series not realizing there were 12 of them. I am now on my 10th one and life has basically been put on hold since I started. They are different, (possibly because of an English author?) sometimes a bit wordy in descriptions, but wonderful character development. I loved the fact that the characters are so multidimensional. A great hidden jewel; I had to buy most of them after the first 3 Kindle books in England.

Four Young Men and a Robbery

By MaryAnn Dodd

This book relates the continuing saga of the Poldark Series. It focuses on the young Poldark men. Jeremy Poldark, son of Ross and Demelza, Valentin Warleggan, and two friends mostly. The Napole
